The A.I.F.A Gold Cup tournament is built on international principals. Above are the countries that have completed the registration process and are participating this year. The rules are: five groups of four teams; a winner by points, 2 points per win, 1 for a tie and 0 for a loss. We will also count goals averages to solve any potential ties between teams. In case two teams have the exact same amount of points and goal differential, an extra game will be scheduled to find a winner.

By July 18th the top four (4) teams of the tournament will move to the semi finals. The winners will advance to the final and the two remaining teams will compete for third place as illustrated billow.
